Date June 5, 1998

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

Conservation is the real solution to our Bay
Delta problems. The Delta is a disgrace. We
boast out there & the water is very dirty & has lots of
hidden debris. Please implement measures which
will help our Delta. Stop making taxpayers
foot so much of the water bill. I support a
solution that promotes water saving programs on
farms & in cities.
